VOLUME 79: SUBJECT INDEX

Acanthamoeba, *Acanthamoeba*, bacterial, and fungal contamination of contact lens storage cases, **601**

***Acanthamoeba* keratitis**, *Acanthamoeba* keratitis: risk factors and outcome, **1078**

Accommodation, The discovery of accommodation: *history of ophthalmology*, **375**

Acrylic lens, Pseudoexfoliation material on an acrylic lens: *letter to editor*, **1050**

Acute onset concomitant esotropia, Acute onset concomitant esotropia: when is it a sign of serious neurological disease? *perspective*, **498**

Acute posterior multifocal placoid pigment epitheliopathy, Acute posterior multifocal placoid pigment epitheliopathy: *perspective*, **384**

Adrenergic medications, Pilot study on the effect of topical adrenergic medications on human Tenon's capsule fibroblasts in tissue culture, **70**

Aerocele, Traumatic intraorbital aerocele with pneumocephalus: *letter to editor*, **504**

African traditional eye medicines, Peripheral corneal ulcers associated with use of African traditional eye medicines, **343**

Age, Influence of age, systemic blood pressure, smoking, and blood viscosity on orbital blood velocities, **17**

Age-related changes, Changes in the collagenous matrix of the aging human lamina cribrosa, **368**

Age-related maculopathy, Effects of argon (green) laser treatment of soft drusen in early age-related maculopathy: a 6 month prospective study, **905**

AIDS
- *Cryptococcus* presenting as cloudy choroiditis in an AIDS patient: *letter to editor*, **618**
- Cytomegalovirus retinitis in an AIDS patient without severe depletion in CD4 cell count: *letter to editor*, **962**
- Retinal detachment and herpesvirus retinitis in patients with AIDS, **575**
- Retinal detachments in patients with AIDS and CMV retinopathy: a role for laser photocoagulation, **153**

Airbag ocular injury, Passenger side airbag ocular injury while wearing sunglasses: *letter to editor*, **391**

Åland island eye disease, Åland island eye disease: clinical and electrophysiological studies of a Welsh family, **424**

Albinism, X linked ocular albinism in Japanese patients, **139**

Albright's syndrome, Bilateral sudden visual loss due to sphenoid mucocele in Albright's syndrome: *letter to editor*, **503**: *correspondence*, **1149**

Alcohol injections, Precautionary note on retrobulbar alcohol injections: *letter to editor*, **192**

Alcon portable autokeratometer, Reproducibility of corneal astigmatism measurements with a hand held keratometer in preschool children, **983**

Aldose reductase inhibitor
- Topical aldose reductase inhibitor: *editorial*, **1064**
- Topical aldose reductase inhibitor for correcting corneal endothelial changes in diabetic patients, **1074**

Alpha fetoprotein, Alpha fetoprotein as marker for a case of orbital yolk sac tumour: *letter to editor*, **787**

Alzheimer's disease, Myelinated axon number in the optic nerve is unaffected by Alzheimer's disease, **596**

Amblyopia
- Compliance in amblyopia therapy: objective monitoring of occlusion, **585**
- Electro-oculographic abnormalities in amblyopia, **218**
- Factors affecting long term results of successfully treated amblyopia: initial visual acuity and type of amblyopia, **225**
- Modulation of amblyopia therapy following early surgery for unilateral congenital cataracts: *editorial*, **793**, **802**

Amoebae, Microbiological quality in Finnish public swimming pools and whirlpools with special reference to free living amoebae: a risk factor for contact lens wearers?, **178**

Amyloidosis, Surgical management of primary localised conjunctival amyloidosis causing ptosis: *letter to editor*, **707**

Angiolymphoid hyperplasia, Angiolymphoid hyperplasia with eosinophilia (Kimura's disease) of the conjunctiva: *letter to editor*, **1053**

Angioscotomata, Angioscotomata and morphological features of related vessels in automated perimetry, **118**

Anophthalmic enophthalmos, Use of Proplast II as a subperiosteal implant for the correction of anophthalmic enophthalmos, **830**

Anophthalmic socket, Orbital expansion of the congenitally anophthalmic socket, **667**

Anterior chamber paracentesis, Bacterial endophthalmitis after anterior chamber paracentesis: *letter to editor*, **866**

Antiproliferative agents, Antiproliferative agents and the prevention of scarring after surgery: friend or foe? *commentary*, **627**

Antisense oligodeoxynucleotides, Expression of c-Fos and c-Jun in the cornea, lens, and retina after ultraviolet irradiation of the rat eye and effects of topical antisense oligodeoxynucleotides, **277**

Apoptosis, Cell loss in retinal dystrophies by apoptosis – death by informed consent! *perspective*, **186**

Apraclonidine, Long term effect of apraclonidine, **1098**

Aqueous contamination
- Anterior chamber aspirate cultures in small incision cataract surgery, **878**
- Aqueous contamination during small incision cataract surgery: a lesson in study design: *editorial*, **873**

Aqueous humour, γδ T cells in aqueous humour from untreated idiopathic uveitis patients: *correspondence*, **395**

Aretinopathic IDDM
- Comparison of colour discrimination and electroretinography in evaluation of visual pathway dysfunction in aretinopathic IDDM patients, **35**
- Effect of short term changes in blood glucose on visual pathway function in insulin dependent diabetes, **39**

Argon (green) laser treatment, Effects of argon (green) laser treatment of soft drusen in early age-related maculopathy: a 6 month prospective study, **905**

Argon laser drainage, Prospective, randomised, controlled trial comparing suture needle drainage and argon laser drainage of subretinal fluid, **724**

Argon laser treatment, Argon laser treatment of trichiasis in Hong Kong: *correspondence*, **506**

Aspiration biopsy, Misleading aspiration biopsy in combined intraocular pathology: *letter to editor*, **502**

Autoimmune disease, Experimental approaches to specific immunotherapies in autoimmune disease: future treatment of endogenous posterior uveitis? *perspective*, **81**

Automated perimetry
- Angioscotomata and morphological features of related vessels in automated perimetry, **118**
- Automated perimetry in glaucoma – room for improvement? *editorial*, **200**
- Image processing of computerised visual field data, **207**
- New approach to estimating variability in visual field data using an image processing technique, **213**

Autosomal dominant cone-rod dystrophy, Autosomal dominant cone-rod dystrophy with negative electroretinogram, **916**

Axenfeld's anomaly, Peter's anomaly in an infant with a mild degree of Axenfeld's anomaly: *letter to editor*, **862**

β **blockers**, β blockers and the elderly with glaucoma: are we adding insult to injury? *commentary*, **794**

Bacteria, Adherence of bacteria to intraocular lenses, **347**

Bacterial endophthalmitis, Bacterial endophthalmitis after anterior chamber paracentesis: *letter to editor*, **866**

Bacterial infection, *Acanthamoeba*, bacterial, and fungal contamination of contact lens storage cases, **601**

Bardet-Biedl syndrome, Clinical pathology and retinal vascular structure in the Bardet-Biedl syndrome, **76**

Basal tear turnover, Effect of timolol with and without preservative on the basal tear turnover in glaucoma, **339**

Beedies, Smoking of beedies and cataract: cadmium and vitamin C in the lens and blood, **202**

Behavioural disturbances, Behavioural disturbances as a manifestation of ocular disease in children: *letter to editor*, **502**

Bias, Reducing bias during intraocular pressure measurement: *correspondence*, **1057**

Bilateral cataract extraction, Simultaneous bilateral cataract extraction in the UK, **1111**

Biofilm formation, *Pseudomonas* keratitis associated with biofilm formation on a disposable soft contact lens: *letter to editor*, **864**

Birdshot retinochoroidopathy, The end stage of birdshot retinochoroidopathy: *correspondence*, **1058**

Blepharitis, Placebo controlled trial of fusidic acid gel and oxytetracycline for recurrent blepharitis and rosacea, **42**

Blepharoplasty, Atypical mycobacterial wound infection after blepharoplasty: *letter to editor*, **93**

Blepharoptosis, Mersilene mesh brow suspension: efficiency and complications, **358**

Blindness
- Causes of childhood blindness in Sri Lanka: results from children attending six schools for the blind, **633**
- Is leprosy blindness avoidable?, **250**

Peripheral corneal ulcers associated with use of African traditional eye medicines, **343**
Blood-aqueous barrier, Study of the blood-aqueous barrier in choroidal melanoma, **354**
Blood flow
Macular blood flow velocity in sickle cell disease: relation to red cell density, **742**
Strict control of glycaemia: effects on blood flow in the large retinal vessels and in the macular microcirculation, **735**
Blood pressure, Influence of age, systemic blood pressure, smoking, and blood viscosity on orbital blood velocities, **17**
Blood viscosity, Influence of age, systemic blood pressure, smoking, and blood viscosity on orbital blood velocities, **17**
Blow out fracture, Posterior medial wall blow out fractures: *letter to editor*, **390**
Blue-green wavelength argon lasers, Survey of colour contrast sensitivity in non-ophthalmic users of blue-green wavelength argon lasers, **332**
Bone marrow allografts, Ischaemic retinopathy occurring in patients receiving bone marrow allografts and campath-1G: a clinicopathological study, **687**
Book reviews
Johnson RW, Forrest FC. *Local and general anaesthesia for ophthalmic surgery*, **1059**
Samba EM. *The Onchocerciasis Control Programme in West Africa. An example of effective public health management*, **868**
Spalton DJ, Hitchings RA, Hunter PA. *Atlas of clinical ophthalmology*, 2nd ed, **712**
British Journal of Ophthalmology, Changes to the journal: *editorial*, **1**
Bronchial carcinoma, Paraneoplastic retinopathy in association with large cell neuroendocrine bronchial carcinoma: *letter to editor*, **617**
Brown's syndrome
Acquired Brown's syndrome and primary Sjögren's syndrome: *letter to editor*, **89**
Superior oblique tendon expansion in the management of superior oblique dysfunction, **661**
Bruch's membrane, Preparation of Bruch's membrane and analysis of the age-related changes in the structural collagens, **944**
Bullous keratopathy, Phototherapeutic keratectomy for bullous keratopathy, **335**

c-Fos, Expression of c-Fos and c-Jun in the cornea, lens, and retina after ultraviolet irradiation of the rat eye and effects of topical antisense oligodeoxynucleotides, **277**
c-Jun, Expression of c-Fos and c-Jun in the cornea, lens, and retina after ultraviolet irradiation of the rat eye and effects of topical antisense oligodeoxynucleotides, **277**
Cadmium
Cigarettes and cataract: cadmium or a lack of vitamin C? *editorial*, **199**
Smoking of beedies and cataract: cadmium and vitamin C in the lens and blood, **202**
Calcific band keratopathy, Resolution of calcific band keratopathy after lowering elevated serum calcium in a patient with sarcoidosis: *letter to editor*, **1050**
Campath-1G, Ischaemic retinopathy occurring in patients receiving bone marrow allografts and campath-1G: a clinicopathological study, **687**
Campath-1H, Monoclonal antibody therapy of chronic intraocular inflammation using Campath-1H: *letter to editor*, **1054**
***Candida* endophthalmitis**, *Candida* endophthalmitis: *letter to editor*, **1141**
Capillaries, Diabetic retinopathy: morphometric analysis of basement membrane thickening of capillaries in different retinal layers within arterial and venous environments, **1120**
Care services, Ophthalmic services research: towards increasing the role of economic and operations research methods in the delivery of eye care services: *commentary*, **515**
Cataract
Cataract patients in a defined Swedish population 1986-90: VII Inpatient and outpatient standardised mortality ratios, **1115**
Cigarettes and cataract: cadmium or a lack of vitamin C? *editorial*, **199**
Confocal fundus imaging with a scanning laser ophthalmoscope in eyes with cataract, **900**
Effect of the cytokines on the prostaglandin E_2 synthesis by lens epithelial cells of human cataracts, **934**
Fundus imaging in patients with cataract: role for a variable wavelength scanning laser ophthalmoscope, **892**
High prevalence of lactose absorbers in patients with presenile cataract from northern Sardinia: *correspondence*, **709**
Inflammation after cataract extraction and intraocular lens implantation in patients with rheumatoid arthritis, **549**
Is the first day postoperative review necessary after cataract extraction?, **646**
Is glaucoma associated with an increased risk of cataract?, **649**
Longitudinal study of posterior subcapsular opacities using the National Eye Institute computer planimetry system, **535**
Modulation of amblyopia therapy following early surgery for unilateral congenital cataracts: *editorial*, **793**, **802**
Pupil size and reactivity following hydroxypropyl methylcellulose and sodium hyaluronate, **541**
Simultaneous bilateral cataract extraction in the UK, **1111**
Smoking of beedies and cataract: cadmium and vitamin C in the lens and blood, **202**
Some blood plasma constituents correlate with human cataract, **1036**
Study of nuclear cataract progression using the National Eye Institute Scheimpflug system, **527**
The south Asian cataract management study. I. The first 662 cataract surgeries: a preliminary report, **1029**
Types of collagen synthesised by the lens epithelial cells of human cataracts, **939**
Ultraviolet radiation and cataract: *correspondence*, **196**
Cataract surgery
Anterior chamber aspirate cultures in small incision cataract surgery, **878**
Aqueous contamination during small incision cataract surgery: a lesson in study design: *editorial*, **873**
Changes in intraocular pressure during low dose intravenous sedation with propofol before cataract surgery, **1093**
Warming lignocaine reduces the pain of injection during peribulbar local anaesthesia for cataract surgery, **1015**
Cataractous lenses, Analysis of glucose-6-phosphate dehydrogenase in anterior subcapsular and mixed cataractous lenses, **1124**
$CD45^{low}CD11b/c+CD4^{low}$ parenchymal microglia, Flow cytometric identification of a minority population of MHC class II positive cells in the normal rat retina distinct from $CD45^{low}CD11b/c+CD4^{low}$ parenchymal microglia, **834**
Cell cycle kinetics, Cell cycle kinetics in pterygium at three latitudes, **313**
Cell death, Selective cell death in glaucoma: *correspondence*, **710**
Cell loss, Cell loss in retinal dystrophies by apoptosis – death by informed consent! *perspective*, **186**
Central retinal vein occlusion, Electroretinogram as indicator of prognosis of central retinal vein occlusion: *correspondence*, **507**
Cerebral damage, Visual deficits in children born at less than 32 weeks' gestation with and without major ocular pathology and cerebral damage, **447**
Children
Behavioural disturbances as a manifestation of ocular disease in children: *letter to editor*, **502**
Causes of childhood blindness in Sri Lanka: results from children attending six schools for the blind, **633**
Could colour vision tests predict or find retinopathy in diabetic schoolchildren? *correspondence*, **711**
Infantile presentation of X linked retinoschisis, **653**
Ophthalmic services for children: *correspondence*, **964**
Paediatric post-traumatic endophthalmitis, **888**
Visual deficits in children born at less than 32 weeks' gestation with and without major ocular pathology and cerebral damage, **447**
Visual impairment in children: *editorial*, **624**
Choroidal ischaemic plaques, Choroidal ischaemic plaques in sarcoidosis: *letter to editor*, **704**
Choroidal malignant melanoma
Choroidal malignant melanoma in association with oculodermal melanocytosis in a black patient: *letter to editor*, **191**
Ossification in choroidal melanoma: *letter to editor*, **705**
Study of the blood-aqueous barrier in choroidal melanoma, **354**
Choroidal neovascular membranes, Asymmetry of disciform scarring in bilateral disease when one eye is treated with radiotherapy, **562**
Choroidal perfusion, Foveal electroretinograms and choroidal perfusion characteristics in fellow eyes of patients with unilateral neovascular age-related macular degeneration, **558**
Choroidal tumours, Patterns of indocyanine green videoangiography of choroidal tumours, **237**
Chromosome 7p, Autosomal dominant retinitis pigmentosa mapping to chromosome 7p exhibits variable expression, **23**
Chromosome 19q, Bimodal expressivity in dominant retinitis pigmentosa genetically linked to chromosome 19q, **841**
Cigarettes, Cigarettes and cataract: cadmium or a lack of vitamin C? *editorial*, **199**
Ciprofloxacin, Topical 0·3% ciprofloxacin, norfloxacin, and ofloxacin in treatment of bacterial keratitis: a new method for comparative evaluation of ocular drug penetration, **606**
Circannual rhythms, Herpetic eye attacks: variability of circannual rhythms, **50**

Clinically significant radiation macular oedema, Photocoagulation treatment for clinically significant radiation macular oedema, **144**
Cloudy choroiditis, *Cryptococcus* presenting as cloudy choroiditis in an AIDS patient: *letter to editor*, **618**
Coccidioidomycosis, Orbital coccidioidomycosis presenting as a lacrimal gland fossa mass: *letter to editor*, **1145**
Collagen
Changes in the collagenous matrix of the aging human lamina cribrosa, **368**
Collagen types I and III in giant papillae of vernal keratoconjunctivitis, **482**
Preparation of Bruch's membrane and analysis of the age-related changes in the structural collagens, **944**
Types of collagen synthesised by the lens epithelial cells of human cataracts, **939**
Colour contrast sensitivity, Survey of colour contrast sensitivity in non-ophthalmic users of blue-green wavelength argon lasers, **332**
Colour discrimination
Comparison of colour discrimination and electroretinography in evaluation of visual pathway dysfunction in aretinopathic IDDM patients, **35**
Relation between blood glucose control over 3 months and colour discrimination in insulin dependent diabetic patients without retinopathy: *correspondence*, **300**
Colour vision, Colour vision and dark adaptation in high myopia without central retinal degeneration, **105**
Colour vision tests, Could colour vision tests predict or find retinopathy in diabetic schoolchildren? *correspondence*, **711**
Compliance, Compliance in amblyopia therapy: objective monitoring of occlusion, **585**
Computerised visual field data, Image processing of computerised visual field data, **207**
Confocal fundus imaging, Confocal fundus imaging with a scanning laser ophthalmoscope in eyes with cataract, **900**
Congenital cataracts
Modulation of amblyopia therapy following early surgery for unilateral congenital cataracts: *editorial*, **793, 802**
Congenital stationary nightblindness, Congenital stationary nightblindness in a patient with osteopetrosis: *letter to editor*, **1142**
Congenital toxoplasmosis, HLA typing in congenital toxoplasmosis, **494**
Congenitally anophthalmic socket, Orbital expansion of the congenitally anophthalmic socket, **667**
Conjunctiva
Angiolymphoid hyperplasia with eosinophilia (Kimura's disease) of the conjunctiva: *letter to editor*, **1053**
Lectin and immunohistochemical comparison of glycoconjugates in the conjunctiva of patients with and without exfoliation syndrome, **467**
Conjunctival allografts, Surgical management of ocular surface disorders using conjunctival and stem cell allografts, **977**
Contact lens storage cases, *Acanthamoeba*, bacterial, and fungal contamination of contact lens storage cases, **601**
Contact lens(es)
Contact lenses and the cornea: age and length of wear, **163**
Corneal epithelial permeability during extended wear of disposable contact lenses versus daily wear of soft contact lenses, **350**
EyeSys corneal topography measurement applied to calibrated ellipsoidal convex surfaces, **797**
'Lost' contact lens presenting as an intraocular foreign body: *letter to editor*, **97**
Microbiological quality in Finnish public swimming pools and whirlpools with special reference to free living amoebae: a risk factor for contact lens wearers? **178**
Pseudomonas keratitis associated with biofilm formation on a disposable soft contact lens: *letter to editor*, **864**
Contact transscleral retinal photocoagulation, Diode laser contact transscleral retinal photocoagulation: a clinical study, **1083**
Contamination, Microbial contamination of medications used to treat glaucoma, **376**
Contrast sensitivity, Contrast sensitivity testing in clinical practice: *correspondence*, **867**
Convergence substitution, Convergence substitution for paralysed horizontal gaze, **229**
Cornea
Contact lenses and the cornea: age and length of wear, **163**
The short history of heat cauterisation of the cornea: *history of ophthalmology*, **236**
Corneal astigmatism measurements, Reproducibility of corneal astigmatism measurements with a hand held keratometer in preschool children, **983**
Corneal endothelial function, Effects of irrigation solutions on corneal endothelial function: *correspondence*, **506**
Corneal epithelial permeability, Corneal epithelial permeability during extended wear of disposable contact lenses versus daily wear of soft contact lenses, **350**
Corneal epithelium
Corneal epithelium following penetrating keratoplasty, **257**
Ultrastructural study of the corneal epithelium in the recurrent erosion syndrome, **282**
Corneal infection, *Acanthamoeba*, bacterial, and fungal contamination of contact lens storage cases, **601**
Corneal sensitivity
Corneal sensitivity in patients with leprosy and in controls, **993**
Effects of morphine on corneal sensitivity and epithelial wound healing: *correspondence*, **710**
Corneal topography
EyeSys corneal topography measurement applied to calibrated ellipsoidal convex surfaces, **797**
Information fidelity in corneal topography: *editorial*, **791**
Corneal transplantation
Assessment of the infectivity of corneal buttons taken from hepatitis B surface antigen seropositive donors, **6**
Corneal transplantation and infectious hepatitis: *editorial*, **2**: *correspondence*, **1057**
Corneal ulcers, Peripheral corneal ulcers associated with use of African traditional eye medicines, **343**
Corneal wound healing, Scar tissue orientation in unsutured and sutured corneal wound healing, **760**
Corticosteroids, Diffuse retinal pigment epitheliopathy complicating systemic corticosteroid treatment, **922**
Cost, High dose intravitreal ganciclovir for CMV retinitis: a shelf life and cost comparison study, **753**
Cryotherapy, Late visual field changes following cryotherapy for retinopathy of prematurity stage 3, **267**
Cryptococcus, *Cryptococcus* presenting as cloudy choroiditis in an AIDS patient: *letter to editor*, **618**
Crystalline keratopathy, Crystalline keratopathy from *Dieffenbachia* plant sap: *letter to editor*, **98**
Cutaneous melanoma, Severe course of cutaneous melanoma associated paraneoplastic retinopathy, **746**
Cyclodestruction, Microwave cyclodestruction: evaluation on human eyes, **678**
Cyclodialysis cleft
Diagnosis and management of an occult cyclodialysis cleft: *letter to editor*, **619**
Ultrasound biomicroscopic imaging of a surgically reattached cyclodialysis cleft: *letter to editor*, **961**
Cyclophosphamide, Role of cyclophosphamide and high dose steroid in ocular cicatricial pemphigoid, **264**
Cystic lesion, Liesegang rings associated with a cystic lesion of the eyelid: *letter to editor*, **706**
Cystoid macular oedema, Macular microcirculation in cystoid maculopathy of diabetic patients, **628**
Cytokines
Effect of the cytokines on the prostaglandin E_2 synthesis by lens epithelial cells of human cataracts, **934**
Towards cytokine insight in sight: *commentary*, **970**
Cytomegalovirus retinitis
Cytomegalovirus retinitis: are intraocular devices the answer? *commentary*, **1066**
Cytomegalovirus retinitis in an AIDS patient without severe depletion in CD4 cell count: *letter to editor*, **962**
High dose intravitreal ganciclovir for CMV retinitis: a shelf life and cost comparison study, **753**
Cytomegalovirus retinopathy, Retinal detachments in patients with AIDS and CMV retinopathy: a role for laser photocoagulation, **153**

Dacron tissue, New Dacron tissue colonisable keratoprosthesis: clinical experience, **825**
Dacryops, Giant dacryops in a patient with ocular cicatricial pemphigoid: *letter to editor*, **1052**
Daily disposable contact lenses, Ulcerative keratitis in a person wearing daily disposable contact lenses: *letter to editor*, **1138**
Dapiprazole, Comparison of the effect on pupil size and accommodation of three regimens of topical dapiprazole, **544**
Dark adaptation, Colour vision and dark adaptation in high myopia without central retinal degeneration, **105**
Diabetes
Histological and ultrastructural investigation of retinal microaneurysm development in diabetic patients, **362**
Laser flare intensity in diabetics: *correspondence*, **299**
Relation between blood glucose control over 3 months and colour discrimination in insulin dependent diabetic patients without retinopathy: *correspondence*, **300**
Topical aldose reductase inhibitor for correcting corneal endothelial changes in diabetic patients, **1074**

Diabetic macular oedema, Diode laser photocoagulation for diabetic macular oedema, **318**
Diabetic maculopathy
Macular microcirculation in cystoid maculopathy of diabetic patients, **628**
Non-retinovascular leakage in diabetic maculopathy, **728**
Strict control of glycaemia: effects on blood flow in the large retinal vessels and in the macular microcirculation, **735**
The origin of macular cysts in diabetic maculopathy: *editorial*, **623**
Diabetic retinopathy
Comparison of colour discrimination and electroretinography in evaluation of visual pathway dysfunction in aretinopathic IDDM patients, **35**
Continuous wave Nd:YAG laser photocoagulation in proliferative diabetic retinopathy, **642**
Could colour vision tests predict or find retinopathy in diabetic schoolchildren? *correspondence*, **711**
Diabetic retinopathy: morphometric analysis of basement membrane thickening of capillaries in different retinal layers within arterial and venous environments, **1120**
Effect of short term changes in blood glucose on visual pathway function in insulin dependent diabetes, **39**
Ocular blood flow velocities in patients with proliferative diabetic retinopathy and healthy volunteers, **413**
Role of glucose regulatory mechanisms in diabetic retinopathy: *perspective*, **1046**
***Dieffenbachia* plant sap**, Crystalline keratopathy from *Dieffenbachia* plant sap: *letter to editor*, **98**
Diffuse retinal pigment epitheliopathy, Diffuse retinal pigment epitheliopathy complicating systemic corticosteroid treatment, **922**
Diffuse unilateral subacute neuroretinitis, Presumed ocular larva migrans presenting with features of diffuse unilateral subacute neuroretinitis: *letter to editor*, **1140**
Diode laser photocoagulation
Bilateral hyphaema following diode laser for retinopathy of prematurity: *letter to editor*, **1055**
Clinical comparison of semiconductor diode versus neodymium: YAG non-contact cyclo photocoagulation, **569**
Diode laser contact transscleral retinal photocoagulation: a clinical study, **1083**
Diode laser photocoagulation for diabetic macular oedema, **318**
Diode laser photocoagulation to the vascular retina for progressively advancing retinopathy of prematurity, **1012**
Diode laser treatment for retinopathy of prematurity: structural and functional outcome, **637**
Irradiation of rabbit retina with diode and Nd:YAG lasers, **672**
Disciform scarring, Asymmetry of disciform scarring in bilateral disease when one eye is treated with radiotherapy, **562**
Disposable contact lenses
Corneal epithelial permeability during extended wear of disposable contact lenses versus daily wear of soft contact lenses, **350**
Ulcerative keratitis in a person wearing daily disposable contact lenses: *letter to editor*, **1138**
DNA carrier detection, Efficient DNA carrier detection in X linked juvenile retinoschisis, **683**
DNA flow cytometry, DNA flow cytometry in uveal melanoma: the effect of pre-enucleation irradiation, **174**
DNA index, DNA index and S phase fraction in uveal malignant melanomas, **521**
Donors
Assessment of the infectivity of corneal buttons taken from hepatitis B surface antigen seropositive donors, **6**
Corneal transplantation and infectious hepatitis: *editorial*, **2**: *correspondence*, **1057**
Dry eyes, Sodium hyaluronate eyedrops in the treatment of dry eyes, **1007**

East African blind school students, Low vision in east African blind school students: need for optical low vision services, **814**
Ectopia lentis et pupillae syndrome, Ectopia lentis et pupillae syndrome in three generations, **135**
Ectopic teeth, Ectopic teeth in the orbit of a neonate: *letter to editor*, **1144**
Electro-oculographic abnormalities, Electro-oculographic abnormalities in amblyopia, **218**
Electroretinography
Comparison of colour discrimination and electroretinography in evaluation of visual pathway dysfunction in aretinopathic IDDM patients, **35**
Electroretinogram as indicator of prognosis of central retinal vein occlusion: *correspondence*, **507**
Pattern electroretinogram and peripheral colour contrast thresholds in ocular hypertension and glaucoma: comparison and correlation of results, **326**
Ellipsoidal convex surfaces, EyeSys corneal topography measurement applied to calibrated ellipsoidal convex surfaces, **797**
Endogenous posterior uveitis, Experimental approaches to specific immunotherapies in autoimmune disease: future treatment of endogenous posterior uveitis? *perspective*, **81**
Endophthalmitis
Anterior chamber aspirate cultures in small incision cataract surgery, **878**
Aqueous contamination during small incision cataract surgery: a lesson in study design: *editorial*, **873**
Bacterial endophthalmitis after anterior chamber paracentesis: *letter to editor*, **866**
Candida endophthalmitis: *letter to editor*, **1141**
Paediatric post-traumatic endophthalmitis, **888**
Endothelial barrier antigen, Distribution of a putative endothelial barrier antigen in the ocular and orbital tissues of the rat, **462**
Endothelial function, Effects of irrigation solutions on corneal endothelial function: *correspondence*, **506**
Enophthalmos, Use of Proplast II as a subperiosteal implant for the correction of anophthalmic enophthalmos, **830**
Eosinophilia, Angiolymphoid hyperplasia with eosinophilia (Kimura's disease) of the conjunctiva: *letter to editor*, **1053**
Epithelial wound healing, Effects of morphine on corneal sensitivity and epithelial wound healing: *correspondence*, **710**
Epitheliopathy, Acute posterior multifocal placoid pigment epitheliopathy: *persepctive*, **384**
Erosion syndrome, Ultrastructural study of the corneal epithelium in the recurrent erosion syndrome, **282**
Erythrocyte sedimentation rate, Automated ESR analysis in 20 minutes: *correspondence*, **396**
Esotropia
Acute onset concomitant esotropia: when is it a sign of serious neurological disease? *perspective*, **498**
Temporary prism treatment of acute esotropia precipitated by fusion disruption: *letter to editor*, **787**
Treatment for 'A' or 'V' pattern esotropia by slanting muscle insertion, **807**
Excimer laser photorefractive keratectomy
Excimer retreatment for scarring and regression after photorefractive keratectomy for myopia, **756**
Expression of cellular fibronectin and tenascin in the rabbit cornea after excimer laser photorefractive keratectomy: a 12 month study, **65**
Refractive and visual results and patient satisfaction after excimer laser photorefractive keratectomy for myopia, **881**
Exfoliation syndrome, Lectin and immunohistochemical comparison of glycoconjugates in the conjunctiva of patients with and without exfoliation syndrome, **467**
External beam radiotherapy, External beam radiotherapy for retinoblastoma: I Whole eye technique, **109**: II Lens sparing technique, **112**
Eye care services, Ophthalmic services research: towards increasing the role of economic and operations research methods in the delivery of eye care services: *commentary*, **515**
Eye injury, Serious eye injury caused by rotating wire brushes: *correspondence*, **396**
Eyelid(s)
Adjustable sutures in eyelid surgery: *correspondence*, **709**
Fatal bilateral necrotising fasciitis of the eyelids: *letter to editor*, **95**
Langerhans' cell histiocytosis of the eyelid: *letter to editor*, **91**
Liesegang rings associated with a cystic lesion of the eyelid: *letter to editor*, **706**
Paraneoplastic non-caseating granulomatous inflammation of the eyelid: *letter to editor*, **617**
Repair of upper eyelid retraction: a comparison between adjustable and non-adjustable sutures, **658**
EyeSys, EyeSys corneal topography measurement applied to calibrated ellipsoidal convex surfaces, **797**

Facial nerve block, Techniques of facial nerve block, **166**
Fibronectin, Expression of cellular fibronectin and tenascin in the rabbit cornea after excimer laser photorefractive keratectomy: a 12 month study, **65**
Field progression, Motion detection threshold and field progression in normal tension glaucoma, **125**
Florid xanthelasmata, Florid xanthelasmata (yellow lids) in orbital Wegener's granulomatosis, **453**
Flow cytometry, Flow cytometric identification of a minority population of MHC class II positive cells in the normal rat retina distinct from $CD45^{low}CD11b/c+CD4^{low}$ parenchymal microglia, **834**
Flow velocity, Comparison of flow velocity of ophthalmic artery between primary open angle glaucoma and normal tension glaucoma, **732**

Fluorophotometric assessment, Correlation of tear clearance rate and fluorophotometric assessment of tear turnover, **1042**
Foreign body(ies)
'Lost' contact lens presenting as an intraocular foreign body: *letter to editor*, **97**
Magnetic resonance imaging and the dangers of orbital foreign bodies: *correspondence*, **1149**
Foveal electroretinogram, Foveal electroretinograms and choroidal perfusion characteristics in fellow eyes of patients with unilateral neovascular age-related macular degeneration, **558**
Fuchs' heterochromic uveitis, Fuchs' heterochromic uveitis and sarcoidosis, **1021**
Fundus autofluorescence, Distribution of fundus autofluorescence with a scanning laser ophthalmoscope, **407**
Fundus changes, Relation of the functional and structural fundus changes after submacular surgery for neovascular age-related macular degeneration, **417**
Fundus imaging
Confocal fundus imaging with a scanning laser ophthalmoscope in eyes with cataract, **900**
Fundus imaging in patients with cataract: role for a variable wavelength scanning laser ophthalmoscope, **892**
Fungal infection, *Acanthamoeba*, bacterial, and fungal contamination of contact lens storage cases, **601**
Fusidic acid gel, Placebo controlled trial of fusidic acid gel and oxytetracycline for recurrent blepharitis and rosacea, **42**
Fusion disruption, Temporary prism treatment of acute esotropia precipitated by fusion disruption: *letter to editor*, **787**

Ganciclovir, High dose intravitreal ganciclovir for CMV retinitis: a shelf life and cost comparison study, **753**
Gaze, Convergence substitution for paralysed horizontal gaze, **229**
Ghana, Causes of suppurative keratitis in Ghana, **1024**
Giant papillae, Collagen types I and III in giant papillae of vernal keratoconjunctivitis, **482**
Glaucoma
Acute angle closure glaucoma: relative failure of YAG iridotomy: *correspondence*, **100**
Automated perimetry in glaucoma – room for improvement? *editorial*, **200**
β blockers and the elderly with glaucoma: are we adding insult to injury? *commentary*, **794**
Clinical comparison of semiconductor diode versus neodymium:YAG non-contact cyclo photocoagulation, **569**
Comparison of flow velocity of ophthalmic artery between primary open angle glaucoma and normal tension glaucoma, **732**
Detection of glaucomatous damage in patients with osteo-odontokeratoprosthesis, **129**
Effect of timolol with and without preservative on the basal tear turnover in glaucoma, **339**
High frequency ultrasound imaging in pupillary block glaucoma, **972**
Is glaucoma associated with an increased risk of cataract?, **649**
Latanoprost – a promising new glaucoma drug: *editorial*, **3**
Latanoprost administered once daily caused a maintained reduction of intraocular pressure in glaucoma patients treated concomitantly with timolol, **12**
Microbial contamination of medications used to treat glaucoma, **376**
Motion detection threshold and field progression in normal tension glaucoma, **125**
Optic disc size and optic nerve damage in normal pressure glaucoma, **1102**
Pattern electroretinogram and peripheral colour contrast thresholds in ocular hypertension and glaucoma: comparison and correlation of results, **326**
Selective cell death in glaucoma: *correspondence*, **710**
Shared care for glaucoma: *commentary*, **626**
Glaucoma filtration surgery, Antiproliferative agents and the prevention of scarring after surgery: friend or foe? *commentary*, **627**
Glucose
Effect of short term changes in blood glucose on visual pathway function in insulin dependent diabetes, **39**
Relation between blood glucose control over 3 months and colour discrimination in insulin dependent diabetic patients without retinopathy: *correspondence*, **300**
Role of glucose regulatory mechanisms in diabetic retinopathy: *perspective*, **1046**
Glucose-6-phosphate dehydrogenase, Analysis of glucose-6-phosphate dehydrogenase in anterior subcapsular and mixed cataractous lenses, **1124**
Glycaemia, Strict control of glycaemia: effects on blood flow in the large retinal vessels and in the macular microcirculation, **735**
Glycoconjugates, Lectin and immunohistochemical comparison of glycoconjugates in the conjunctiva of patients with and without exfoliation syndrome, **467**
Goniotomy, In defence of goniotomy: *correspondence*, **709**
Gram negative bacteria, Are Gram negative bacteria involved in HLA-B27 associated uveitis? *commentary*, **718**
Granulomatous inflammation, Paraneoplastic non-caseating granulomatous inflammation of the eyelid: *letter to editor*, **617**
Grassi, Benvenutus, The fifteenth century ophthalmologist's vade mecum: *history of ophthalmology*, **181**
Grönblad-Strandberg syndrome, Orbital varix in Grönblad-Strandberg syndrome: *letter to editor*, **707**

Handicapped children, Assessment of visual acuity in multiply handicapped children: *perspective*, **290**
Heat cauterisation, The short history of heat cauterisation of the cornea: *history of ophthalmology*, **236**
Hepatitis
Assessment of the infectivity of corneal buttons taken from hepatitis B surface antigen seropositive donors, **6**
Corneal transplantation and infectious hepatitis: *editorial*, **2**: *correspondence*, **1057**
Herpes simplex infections, Rapid diagnosis of ocular herpes simplex infections, **473**
Herpesvirus retinitis, Retinal detachment and herpesvirus retinitis in patients with AIDS, **575**
Herpetic eye attacks, Herpetic eye attacks: variability of circannual rhythms, **50**
High dose steroid, Role of cyclophosphamide and high dose steroid in ocular cicatricial pemphigoid, **264**
High frequency ultrasound
High frequency ultrasound: *editorial*, **967**
High frequency ultrasound imaging in pupillary block glaucoma, **972**
History, History of ophthalmology: *correspondence*, **395**
HIV, Pigmented conjunctival epithelial dysplasia in an HIV positive African: detection of human papillomavirus type 16: *letter to editor*, **1138**
HIV infection, Multiple molluscum contagiosum lesions of the limbus in a patient with HIV infection: *letter to editor*, **393**
HLA distribution, Clinical features of sarcoidosis in relation to HLA distribution and HLA-DRB3 genotyping by PCR-RFLP, **322**
HLA typing, HLA typing in congenital toxoplasmosis, **494**
HLA-B27, Are Gram negative bacteria involved in HLA-B27 associated uveitis? *commentary*, **718**
Honan balloon, Intraocular pressure after peribulbar anaesthesia: is the Honan balloon necessary?, **46**
HTLV-1 infected cells, Increased number of circulating HTLV-1 infected cells in peripheral blood mononuclear cells of HTLV-1 uveitis patients: a quantitative polymerase chain reaction study, **270**
HTLV-I, HTLV-I associated uveitis in central Japan, **1018**
Human papilloma virus DNA, Human papilloma virus DNA detected in case of inverted squamous papilloma of the lacrimal sac: *letter to editor*, **392**
Human papillomavirus type 16, Pigmented conjunctival epithelial dysplasia in an HIV positive African: detection of human papillomavirus type 16: *letter to editor*, **1138**
Hunain Is Haq, One of the earliest ophthalmologists: *history of ophthalmology*, **41**
Hydroxypropyl methylcellulose, Pupil size and reactivity following hydroxypropyl methylcellulose and sodium hyaluronate, **541**
Hypertension, Optic nerve head circulation in untreated ocular hypertension, **1088**
Hyphaema, Bilateral hyphaema following diode laser for retinopathy of prematurity: *letter to editor*, **1055**
Hypopyon, Subretinal hypopyon in prolymphocytic leukaemia: *letter to editor*, **863**

Image processing technique, New approach to estimating variability in visual field data using an image processing technique, **213**
Imaging
High frequency ultrasound: *editorial*, **967**
High frequency ultrasound imaging in pupillary block glaucoma, **972**
Immunoelectron microscopic study, Human scleral elastic system: an immunoelectron microscopic study, **57**
Immunohistochemistry, Immunohistochemical evidence of neuronal and glial differentiation in retinoblastoma, **771**
Indocyanine green videoangiography, Patterns of indocyanine green videoangiography of choroidal tumours, **237**
Inferior retractor plication surgery, Inferior retractor plication surgery for lower lid entropion with trichiasis in ocular cicatricial pemphigoid, **1003**

Inner city, Assessment of an inner city visual screening programme for preschool children, **1068**
Interferon alfa, Retinopathy and subconjunctival haemorrhage in patients with chronic viral hepatitis receiving interferon alfa, **150**
Interferon alfa and gamma, Effects of interferon alfa and gamma on human uveal melanoma cells in vitro, **847**
Interleukins, Effect of TNF, IL-1, and IL-6 on the proliferation of human Tenon's capsule fibroblasts in tissue culture, **590**
Intraocular devices, Cytomegalovirus retinitis: are intraocular devices the answer? *commentary*, **1066**
Intraocular inflammation, Monoclonal antibody therapy of chronic intraocular inflammation using Campath-1H: *letter to editor*, **1054**
Intraocular lens
Adherence of bacteria to intraocular lenses, **347**
Inflammation after cataract extraction and intraocular lens implantation in patients with rheumatoid arthritis, **549**
Intraocular pressure
Changes in intraocular pressure during low dose intravenous sedation with propofol before cataract surgery, **1093**
Intraocular pressure after peribulbar anaesthesia: is the Honan balloon necessary?, **46**
Intraocular pressure risk after phacoemulsification with posterior chamber lens implantation: effect of prophylactic medication, wound closure, and surgeon's experience, **809**
Reproducibility with the Keeler Pulsair 2000 non-contact tonometer, **554**
Intraocular pressure measurement, Reducing bias during intraocular pressure measurement: *correspondence*, **1057**
Intravitreal chemotherapy, Intravitreal chemotherapy for recurrent retinoblastoma in an only eye: *letter to editor*, **194**
Inverted squamous papilloma, Human papilloma virus DNA detected in case of inverted squamous papilloma of the lacrimal sac: *letter to editor*, **392**
Iris tumours
Irradiating iris tumours: *editorial*, **303**
Treatment of non-resectable malignant iris tumours with custom designed plaque radiotherapy, **306**
Irrigation solutions, Effects of irrigation solutions on corneal endothelial function: *correspondence*, **506**
Ischaemic retinopathy, Ischaemic retinopathy occurring in patients receiving bone marrow allografts and campath-1G: a clinicopathological study, **687**

Japan, HTLV-I associated uveitis in central Japan, **1018**
Japanese family, Mutations in the Norrie disease gene: a new mutation in a Japanese family: *letter to editor*, **703**

Keeler Pulsair 2000 non-contact tonometer, Reproducibility with the Keeler Pulsair 2000 non-contact tonometer, **554**
Keratectomy
Expression of cellular fibronectin and tenascin in the rabbit cornea after excimer laser photorefractive keratectomy: a 12 month study, **65**
Phototherapeutic keratectomy for bullous keratopathy, **335**
Keratitis
Acanthamoeba keratitis: risk factors and outcome, **1078**
Causes of suppurative keratitis in Ghana, **1024**
Paecilomyces keratitis: *correspondence*, **711**
Pseudomonas keratitis associated with biofilm formation on a disposable soft contact lens: *letter to editor*, **864**
Strategies for the management of microbial keratitis: *perspective*, **777**
Topical 0·3% ciprofloxacin, norfloxacin, and ofloxacin in treatment of bacterial keratitis: a new method for comparative evaluation of ocular drug penetration, **606**
Ulcerative keratitis in a person wearing daily disposable contact lenses: *letter to editor*, **1138**
Keratoconus, Ophthalmoscopic sign of early keratoconus: *correspondence*, **396**
Keratometer, Reproducibility of corneal astigmatism measurements with a hand held keratometer in preschool children, **983**
Keratoplasty
Corneal epithelium following penetrating keratoplasty, **257**
Penetrating keratoplasty for pseudophakic corneal oedema, **435**
Keratoprosthesis, New Dacron tissue colonisable keratoprosthesis: clinical experience, **825**
Kimura's disease, Angiolymphoid hyperplasia with eosinophilia (Kimura's disease) of the conjunctiva: *letter to editor*, **1053**

Lacrimal gland fossa mass, Orbital coccidioidomycosis presenting as a lacrimal gland fossa mass: *letter to editor*, **1145**
Lactose absorbers, High prevalence of lactose absorbers in patients with presenile cataract from northern Sardinia: *correspondence*, **709**
Lamina cribrosa, Changes in the collagenous matrix of the aging human lamina cribrosa, **368**
Langerhans' cell histiocytosis, Langerhans' cell histiocytosis of the eyelid: *letter to editor*, **91**
Large cell neuroendocrine bronchial carcinoma, Paraneoplastic retinopathy in association with large cell neuroendocrine bronchial carcinoma: *letter to editor*, **617**
Larva migrans, Presumed ocular larva migrans presenting with features of diffuse unilateral subacute neuroretinitis: *letter to editor*, **1140**
Laser flare intensity, Laser flare intensity in diabetics: *correspondence*, **299**
Laser(s)
Argon laser treatment or trichiasis in Hong Kong: *correspondence*, **506**
Bilateral hyphaema following diode laser for retinopathy of prematurity: *letter to editor*, **1055**
Clinical comparison of semiconductor diode versus neodymium:YAG non-contact cyclo photocoagulation, **569**
Confocal fundus imaging with a scanning laser ophthalmoscope in eyes with cataract, **900**
Continuous wave Nd:YAG laser photocoagulation in proliferative diabetic retinopathy, **642**
Diode laser contact transscleral retinal photocoagulation: a clinical study, **1083**
Diode laser photocoagulation for diabetic macular oedema, **318**
Diode laser photocoagulation to the vascular retina for progressively advancing retinopathy of prematurity, **1012**
Diode laser treatment for retinopathy of prematurity: structural and functional outcome, **637**
Effects of argon (green) laser treatment of soft drusen in early age-related maculopathy: a 6 month prospective study, **905**
Feasibility of laser targeted photo-occlusion of ocular vessels, **766**
Fundus imaging in patients with cataract: role for a variable wavelength scanning laser ophthalmoscope, **892**
Irradiation of rabbit retina with diode and Nd:YAG lasers, **672**
Laser photodisruption of visible retinal artery emboli: *correspondence*, **964**
Macular grid laser photocoagulation in uveitis, **821**
Prospective, randomised, controlled trial comparing suture needle drainage and argon laser drainage of subretinal fluid, **724**
Refractive and visual results and patient satisfaction after excimer laser photorefractive keratectomy for myopia, **881**
Retinal detachments in patients with AIDS and CMV retinopathy: a role for laser photocoagulation, **153**
Survey of colour contrast sensitivity in non-ophthalmic users of blue-green wavelength argon lasers, **332**
Two dimensional mapping of the perfusion of the retina and optic nerve head, **1126**
Latanoprost
Latanoprost – a promising new glaucoma drug: *editorial*, **3**
Latanoprost administered once daily caused a maintained reduction of intraocular pressure in glaucoma patients treated concomitantly with timolol, **12**
Latitudes, Cell cycle kinetics in pterygium at three latitudes, **313**
Leakage, Non-retinovascular leakage in diabetic maculopathy, **728**
Leber's hereditary optic neuropathy, Evidence for preserved direct pupillary light response in Leber's hereditary optic neuropathy, **442**
Lectin, Lectin and immunohistochemical comparison of glycoconjugates in the conjunctiva of patients with and without exfoliation syndrome, **467**
Lens
Intraocular pressure risk after phacoemulsification with posterior chamber lens implantation: effect of prophylactic medication, wound closure, and surgeon's experience, **809**
Pseudoexfoliation material on an acrylic lens: *letter to editor*, **1050**
Lens epithelial cells
Effect of the cytokines on the prostaglandin E_2 synthesis by lens epithelial cells of human cataracts, **934**
Types of collagen synthesised by the lens epithelial cells of human cataracts, **939**
Lens epithelial remnants, Massive proliferation of lens epithelial remnants after Nd-YAG laser capsulotomy, **261**: *correspondence*, **964**
Lens opacities, Absence of effect of simvastatin on the progression of lens opacities in a randomised placebo controlled study, **996**
Leprosy, Corneal sensitivity in patients with leprosy and in controls, **993**
Leprosy blindness, Is leprosy blindness avoidable?, **250**
Leukaemia
Chronic lymphatic leukaemia in the elderly: *correspondence*, **395**
Subretinal hypopyon in prolymphocytic leukaemia: *letter to editor*, **863**

Liesegang rings, Liesegang rings associated with a cystic lesion of the eyelid: *letter to editor*, **706**
Lignocaine, Warming lignocaine reduces the pain of injection during peribulbar local anaesthesia for cataract surgery, **1015**
Limbal allotransplantation, Surgical management of ocular surface disorders using conjunctival and stem cell allografts, **977**
Limbus, Multiple molluscum contagiosum lesions of the limbus in a patient with HIV infection: *letter to editor*, **393**
'Lost' contact lens, 'Lost' contact lens presenting as an intraocular foreign body: *letter to editor*, **97**
Low dose intravenous sedation, Changes in intraocular pressure during low dose intravenous sedation with propofol before cataract surgery, **1093**
Low vision
How effective is an integrated approach to low vision rehabilitation? Two year follow up results from south Devon, **719**
Low vision: a parochial view: *editorial*, **715**
Low vision in east African blind school students: need for optical low vision services, **814**
Lower lid entropion, Inferior retractor plication surgery for lower lid entropion with trichiasis in ocular cicatricial pemphigoid, **1003**
Luanda, Ophthalmology in Luanda (Angola): a hospital based report, **926**
Lung transplantation, Subretinal *Pseudomonas* abscess after lung transplantation: *letter to editor*, **861**
Lymphoma, Orbital lymphoma in systemic sarcoidosis: *correspondence*, **1057**
Lymphomatoid papulosis, Symmetrical lymphomatoid papulosis masquerading as pyoderma chancriformis of the eyelids: *letter to editor*, **391**

Macular blood flow velocity, Macular blood flow velocity in sickle cell disease: relation to red cell density, **742**
Macular cysts
Macular microcirculation in cystoid maculopathy of diabetic patients, **628**
The origin of macular cysts in diabetic maculopathy: *editorial*, **623**
Macular degeneration
Asymmetry of disciform scarring in bilateral disease when one eye is treated with radiotherapy, **562**
Foveal electroretinograms and choroidal perfusion characteristics in fellow eyes of patients with unilateral neovascular age-related macular degeneration, **558**
Relation of the functional and structural fundus changes after submacular surgery for neovascular age-related macular degeneration, **417**
Macular grid laser photocoagulation, Macular grid laser photocoagulation in uveitis, **821**
Macular holes
Macular holes: *editorial*, **511**
Natural outcomes of stage 1, 2, 3, and 4 idiopathic macular holes, **517**
Macular microcirculation, Strict control of glycaemia: effects on blood flow in the large retinal vessels and in the macular microcirculation, **735**
Macular oedema
Diode laser photocoagulation for diabetic macular oedema, **318**
Photocoagulation treatment for clinically significant radiation macular oedema, **144**
Maculopathy, Effects of argon (green) laser treatment of soft drusen in early age-related maculopathy: a 6 month prospective study, **905**
Magnetic resonance imaging, Magnetic resonance imaging and the dangers of orbital foreign bodies: *correspondence*, **1149**
Mapstone's hypothesis, Mapstone's hypothesis confirmed: *correspondence*, **300**
Medications, Microbial contamination of medications used to treat glaucoma, **376**
Melanoma
A case of primary orbital melanoma treated by local excision: *letter to editor*, **1146**
Accuracy of presumed uveal melanoma diagnosis before alternative therapy, **692**
Choroidal malignant melanoma in association with oculodermal melanocytosis in a black patient: *letter to editor*, **191**
DNA flow cytometry in uveal melanoma: the effect of pre-enucleation irradiation, **174**
DNA index and S phase fraction in uveal malignant melanomas, **521**
Ossification in choroidal melanoma: *letter to editor*, **705**
Severe course of cutaneous melanoma associated paraneoplastic retinopathy, **746**
Study of the blood-aqueous barrier in choroidal melanoma, **354**
Uveal melanoma: cell cycles and survival: *editorial*, **513**
Melanoma cells, Effects of interferon alfa and gamma on human uveal melanoma cells in vitro, **847**
Mersilene mesh brow suspension, Mersilene mesh brow suspension: efficiency and complications, **358**
Microbial keratitis, Strategies for the management of microbial keratitis: *perspective*, **777**
Microglia, Flow cytometric identification of a minority population of MHC class II positive cells in the normal rat retina distinct from $CD45^{low}CD11b/c+CD4^{low}$ parenchymal microglia, **834**
Microwave cyclodestruction, Microwave cyclodestruction: evaluation on human eyes, **678**
Mitomycin C
Prospective trial of intraoperative mitomycin C in the treatment of primary pterygium, **439**
Results of treatment with topical mitomycin C 0·02% following excision of primary pterygium, **233**
Molluscum contagiosum
Multiple molluscum contagiosum lesions of the limbus in a patient with HIV infection: *letter to editor*, **393**
Ophthalmic molluscum contagiosum: clinical and immunopathological features, **476**
Monoclonal antibody therapy, Monoclonal antibody therapy of chronic intraocular inflammation using Campath-1H: *letter to editor*, **1054**
Morphine, Effects of morphine on corneal sensitivity and epithelial wound healing: *correspondence*, **710**
Mortality, Cataract patients in a defined Swedish population 1986-90: VII Inpatient and outpatient standardised mortality ratios, **1115**
Motion detection threshold, Motion detection threshold and field progression in normal tension glaucoma, **125**
Multifocal fibrosclerosis, Orbital involvement in multifocal fibrosclerosis, **246**
Multiple evanescent white dot syndrome, Fundal white dots: the spectrum of a similar pathological process: *perspective*, **856**: correction, **1061**
Multiply handicapped children, Assessment of visual acuity in multiply handicapped children: *perspective*, **290**
Mycobacterial wound infection, Atypical mycobacterial wound infection after blepharoplasty: *letter to editor*, **93**
Myelinated axon number, Myelinated axon number in the optic nerve is unaffected by Alzheimer's disease, **596**
Myopia
Colour vision and dark adaptation in high myopia without central retinal degeneration, **105**
Excimer retreatment for scarring and regression after photorefractive keratectomy for myopia, **756**
High myopia following excessive occlusion therapy in the first year of life: *letter to editor*, **297**
Refractive and visual results and patient satisfaction after excimer laser photorefractive keratectomy for myopia, **881**
Visual function in myopia without central retinal degeneration: *editorial*, **103**

Nasolacrimal tubes, Sleeves for fixation of Silastic nasolacrimal tubes, **664**
National Eye Institute computer planimetry system, Longitudinal study of posterior subcapsular opacities using the National Eye Institute computer planimetry system, **535**
National Eye Institute Scheimpflug system, Study of nuclear cataract progression using the National Eye Institute Scheimpflug system, **527**
Nd:YAG laser, Irradiation of rabbit retina with diode and Nd:YAG lasers, **672**
Nd:YAG laser capsulotomy, Massive proliferation of lens epithelial remnants after Nd-YAG laser capsulotomy, **261**: *correspondence*, **964**
Nd:YAG laser photocoagulation, Continuous wave Nd:YAG laser photocoagulation in proliferative diabetic retinopathy, **642**
Nd:YAG non-contact cyclo photocoagulation, Clinical comparison of semiconductor diode versus neodymium:YAG non-contact cyclo photocoagulation, **569**
Necrotising fasciitis, Fatal bilateral necrotising fasciitis of the eyelids: *letter to editor*, **95**
Negative electroretinogram, Autosomal dominant cone-rod dystrophy with negative electroretinogram, **916**
Neonates, Diode laser treatment for retinopathy of prematurity: structural and functional outcome, **637**
Neovascular age-related macular degeneration, Relation of the functional and structural fundus changes after submacular surgery for neovascular age-related macular degeneration, **417**
Neuroretinitis, Presumed ocular larva migrans presenting with features of diffuse unilateral subacute neuroretinitis: *letter to editor*, **1140**
Niacin, Adverse ocular effects associated with niacin therapy, **54**

Nightblindness, Congenital stationary nightblindness in a patient with osteopetrosis: *letter to editor*, **1142**
Non-retinovascular leakage, Non-retinovascular leakage in diabetic maculopathy, **728**
Norfloxacin, Topical 0·3% ciprofloxacin, norfloxacin, and ofloxacin in treatment of bacterial keratitis: a new method for comparative evaluation of ocular drug penetration, **606**
Normal pressure glaucoma, Optic disc size and optic nerve damage in normal pressure glaucoma, **1102**
Normal tension glaucoma
Surgery for normal tension glaucoma, **402**
What would Socrates have made of normal tension glaucoma? *editorial*, **399**
Norrie disease gene, Mutations in the Norrie disease gene: a new mutation in a Japanese family: *letter to editor*, **703**
Notices, **100**, **197**, **300**, **397**, **508**, **621**, **712**, **789**, **868**, **965**, **1059**, **1149**
Nuclear region of lens, Study of nuclear cataract progression using the National Eye Institute Scheimpflug system, **527**

Occlusion, Compliance in amblyopia therapy: objective monitoring of occlusion, **585**
Occlusion therapy, High myopia following excessive occlusion therapy in the first year of life: *letter to editor*, **297**
Occult cyclodialysis cleft, Diagnosis and management of an occult cyclodialysis cleft: *letter to editor*, **619**
Ocular blood flow velocities, Ocular blood flow velocities in patients with proliferative diabetic retinopathy and healthy volunteers, **413**
Ocular cicatricial pemphigoid
Giant dacryops in a patient with ocular cicatricial pemphigoid: *letter to editor*, **1052**
Inferior retractor plication surgery for lower lid entropion with trichiasis in ocular cicatricial pemphigoid, **1003**
Role of cyclophosphamide and high dose steroid in ocular cicatricial pemphigoid, **264**
Ocular fluids, Analysis of ocular fluids for local antibody production in uveitis: *perspective*, **610**
Ocular hypertension
Optic nerve head circulation in untreated ocular hypertension, **1088**
Pattern electroretinogram and peripheral colour contrast thresholds in ocular hypertension and glaucoma: comparison and correlation of results, **326**
Ocular surface
Stem cells of the ocular surface: scientific principles and clinical applications: *editorial*, **968**
Surgical management of ocular surface disorders using conjunctival and stem cell allografts, **977**
Ocular vessels, Feasibility of laser targeted photo-occlusion of ocular vessels, **766**
Oculodermal melanocytosis, Choroidal malignant melanoma in association with oculodermal melanocytosis in a black patient: *letter to editor*, **191**
Ofloxacin, Topical 0·3% ciprofloxacin, norfloxacin, and ofloxacin in treatment of bacterial keratitis: a new method for comparative evaluation of ocular drug penetration, **606**
Onchocerciasis, Onchocerciasis in Ecuador: ocular findings in *Onchocerca volvulus* infected individuals, **157**
Open angle glaucoma, Reproducibility with the Keeler Pulsair 2000 non-contact tonometer, **554**
Ophthalmic artery, Comparison of flow velocity of ophthalmic artery between primary open angle glaucoma and normal tension glaucoma, **732**
Ophthalmic molluscum contagiosum, Ophthalmic molluscum contagiosum: clinical and immunopathological features, **476**
Ophthalmic services, Ophthalmic services for children: *correspondence*, **964**
Ophthalmology
History of ophthalmology: *correspondence*, **395**
Ophthalmology in Luanda (Angola): a hospital based report, **926**
What future for academic ophthalmology? *commentary*, **5**
Ophthalmoscope, Discovering the uses of the ophthalmoscope: *history of ophthalmology*, **561**
Optic disc measurement, Optic disc measurement: a comparison of indirect ophthalmoscopic methods, **910**
Optic disc size
Estimation of optic disc size: *correspondence*, **298**
Optic disc size and optic nerve damage in normal pressure glaucoma, **1102**
Optic nerve, Myelinated axon number in the optic nerve is unaffected by Alzheimer's disease, **596**
Optic nerve damage, Optic disc size and optic nerve damage in normal pressure glaucoma, **1102**
Optic nerve head, Two dimensional mapping of the perfusion of the retina and optic nerve head, **1126**
Optic nerve head circulation, Optic nerve head circulation in untreated ocular hypertension, **1088**
Optic nerve sheath decompression, Histopathological and ultrastructural examination of optic nerve sheath decompression, **182**
Oqual, Contact lenses and the cornea: age and length of wear, **163**
Orbit
Ectopic teeth in the orbit of a neonate: *letter to editor*, **1144**
Orbital involvement in multifocal fibrosclerosis, **246**
Orbital blood velocities, Influence of age, systemic blood pressure, smoking, and blood viscosity on orbital blood velocities, **17**
Orbital coccidioidomycosis, Orbital coccidioidomycosis presenting as a lacrimal gland fossa mass: *letter to editor*, **1145**
Orbital expansion, Orbital expansion of the congenitally anophthalmic socket, **667**
Orbital foreign bodies, Magnetic resonance imaging and the dangers of orbital foreign bodies: *correspondence*, **1149**
Orbital lymphoma, Orbital lymphoma in systemic sarcoidosis: *correspondence*, **1057**
Orbital melanoma, A case of primary orbital melanoma treated by local excision: *letter to editor*, **1146**
Orbital varix, Orbital varix in Grönblad-Strandberg syndrome: *letter to editor*, **707**
Orbital wall fracture, Posterior medial wall blow out fractures: *letter to editor*, **390**
Orbital yolk sac tumour, Alpha fetoprotein as marker for a case of orbital yolk sac tumour: *letter to editor*, **787**
Osteo-odontokeratoprosthesis, Detection of glaucomatous damage in patients with osteo-odontokeratoprosthesis, **129**
Osteopetrosis, Congenital stationary nightblindness in a patient with osteopetrosis: *letter to editor*, **1142**
Oxytetracycline, Placebo controlled trial of fusidic acid gel and oxytetracycline for recurrent blepharitis and rosacea, **42**

Paecilomyces keratitis, Paecilomyces keratitis: *correspondence*, **711**
Papilloma, Human papilloma virus DNA detected in case of inverted squamous papilloma of the lacrimal sac: *letter to editor*, **392**
Paralysed horizontal gaze, Convergence substitution for paralysed horizontal gaze, **229**
Paraneoplastic non-caseating granulomatous inflammation, Paraneoplastic non-caseating granulomatous inflammation of the eyelid: *letter to editor*, **617**
Paraneoplastic retinopathy
Paraneoplastic retinopathy in association with large cell neuroendocrine bronchial carcinoma: *letter to editor*, **617**
Severe course of cutaneous melanoma associated paraneoplastic retinopathy, **746**
Pars plana incisions, Pars plana incisions of four patients: histopathology and electron microscopy, **486**
Pattern electroretinogram, Pattern electroretinogram and peripheral colour contrast thresholds in ocular hypertension and glaucoma: comparison and correlation of results, **326**
Pemphigoid
Giant dacryops in a patient with ocular cicatricial pemphigoid: *letter to editor*, **1052**
Inferior retractor plication surgery for lower lid entropion with trichiasis in ocular cicatricial pemphigoid, **1003**
Penetrating keratoplasty, Penetrating keratoplasty for pseudophakic corneal oedema, **435**
Perfluorocarbon liquids, Use of perfluorocarbon liquids in proliferative vitreoretinopathy: results and complications, **1106**
Peribulbar anaesthesia
Intraocular pressure after peribulbar anaesthesia: is the Honan balloon necessary?, **46**
Warming lignocaine reduces the pain of injection during peribulbar local anaesthesia for cataract surgery, **1015**
Perimetry
Automated perimetry in glaucoma – room for improvement? *editorial*, **200**
Image processing of computerised visual field data, **207**
New approach to estimating variability in visual field data using an image processing technique, **213**
Peripheral colour contrast, Pattern electroretinogram and peripheral colour contrast thresholds in ocular hypertension and glaucoma: comparison and correlation of results, **326**
Peripheral retinal neovascularisation, Peripheral retinal neovascularisation associated with scleral encirclement: *letter to editor*, **861**
Peter's anomaly, Peter's anomaly in an infant with a mild degree of Axenfeld's anomaly: *letter to editor*, **862**
Phacoemulsification
Effects of posterior capsular disruption on the outcome of phacoemulsification surgery: *perspective*, **1133**
Intraocular pressure risk after phacoemulsification with posterior chamber lens implantation: effect of prophylactic medication, wound closure, and surgeon's experience, **809**

Photo-occlusion, Feasibility of laser targeted photo-occlusion of ocular vessels, **766**
Photocoagulation
Clinical comparison of semiconductor diode versus neodymium: YAG non-contact cyclo photocoagulation, **569**
Diode laser contact transscleral retinal photocoagulation: a clinical study, **1083**
Photocoagulation treatment for clinically significant radiation macular oedema, **144**
Retinal detachments in patients with AIDS and CMV retinopathy: a role for laser photocoagulation, **153**
Photorefractive keratectomy
Excimer retreatment for scarring and regression after photorefractive keratectomy for myopia, **756**
Refractive and visual results and patient satisfaction after excimer laser photorefractive keratectomy for myopia, **881**
Phototherapeutic keratectomy, Phototherapeutic keratectomy for bullous keratopathy, **335**
Pigmented conjunctival epithelial dysplasia, Pigmented conjunctival epithelial dysplasia in an HIV positive African: detection of human papillomavirus type 16: *letter to editor*, **1138**
Pilomatrixoma, An unusual impediment to spectacle wear: pilomatrixoma: *letter to editor*, **1143**
Plaque radiotherapy
Irradiating iris tumours: *editorial*, **303**
Treatment of non-resectable malignant iris tumours with custom designed plaque radiotherapy, **306**
Plasma constituents, Some blood plasma constituents correlate with human cataract, **1036**
Pneumocephalus, Traumatic intraorbital aerocele with pneumocephalus: *letter to editor*, **504**
Polymegathism
Topical aldose reductase inhibitor: *editorial*, **1064**
Topical aldose reductase inhibitor for correcting corneal endothelial changes in diabetic patients, **1074**
Polymerase chain reaction, Increased number of circulating HTLV-1 infected cells in peripheral blood mononuclear cells of HTLV-1 uveitis patients: a quantitative polymerase chain reaction study, **270**
Portable autokeratometer, Reproducibility of corneal astigmatism measurements with a hand held keratometer in preschool children, **983**
Posterior capsular disruption, Effects of posterior capsular disruption on the outcome of phacoemulsification surgery: *perspective*, **1133**
Posterior chamber lens implantation, Intraocular pressure risk after phacoemulsification with posterior chamber lens implantation: effect of prophylactic medication, wound closure, and surgeon's experience, **809**
Posterior medial wall blow out fracture, Posterior medial wall blow out fractures: *letter to editor*, **390**
Posterior subcapsular opacities, Longitudinal study of posterior subcapsular opacities using the National Eye Institute computer planimetry system, **535**
Postoperative review, Is the first day postoperative review necessary after cataract extraction?, **646**
Pre-enucleation irradiation, DNA flow cytometry in uveal melanoma: the effect of pre-enucleation irradiation, **174**
Pregnancy, Vogt-Koyanagi-Harada disease during pregnancy: *letter to editor*, **94**
Prematurity
Diode laser treatment for retinopathy of prematurity: structural and functional outcome, **637**
Visual deficits in children born at less than 32 weeks' gestation with and without major ocular pathology and cerebral damage, **447**
Preschool children, Assessment of an inner city visual screening programme for preschool children, **1068**
Preschool visual screening, Preschool visual screening: *editorial*, **1063**
Primary pterygium, Prospective trial of intraoperative mitomycin C in the treatment of primary pterygium, **439**
Prism treatment, Temporary prism treatment of acute esotropia precipitated by fusion disruption: *letter to editor*, **787**
Proliferative diabetic retinopathy, Ocular blood flow velocities in patients with proliferative diabetic retinopathy and healthy volunteers, **413**
Proliferative vitreoretinopathy
Onset and recurrence of proliferative vitreoretinopathy in various vitreoretinal diseases, **874**
Proliferative vitreoretinopathy: *editorial*, **871**
Proliferative vitreoretinopathy: pathobiology, surgical management, and adjunctive treatment: *perspective*, **953**
Use of perfluorocarbon liquids in proliferative vitreoretinopathy: results and complications, **1106**
Prolymphocytic leukaemia, Subretinal hypopyon in prolymphocytic leukaemia: *letter to editor*, **863**
Proplast II, Use of Proplast II as a subperiosteal implant for the correction of anophthalmic enophthalmos, **830**
Propofol, Changes in intraocular pressure during low dose intravenous sedation with propofol before cataract surgery, **1093**
Prostaglandin E_2 synthesis, Effect of the cytokines on the prostaglandin E_2 synthesis by lens epithelial cells of human cataracts, **934**
Pseudoexfoliation material, Pseudoexfoliation material on an acrylic lens: *letter to editor*, **1050**
***Pseudomonas* abscess**, Subretinal *Pseudomonas* abscess after lung transplantation: *letter to editor*, **861**
***Pseudomonas* keratitis**, *Pseudomonas* keratitis associated with biofilm formation on a disposable soft contact lens: *letter to editor*, **864**
Pseudophakic corneal oedema, Penetrating keratoplasty for pseudophakic corneal oedema, **435**
Pseudoptosis, Surgical management of third nerve palsy, **431**
Pseudoxanthoma elasticum, Orbital varix in Grönblad-Strandberg syndrome: *letter to editor*, **707**
Pterygium
Cell cycle kinetics in pterygium at three latitudes, **313**
Prospective trial of intraoperative mitomycin C in the treatment of primary pterygium, **439**
Pterygium – an ophthalmic enigma: *editorial*, **304**
Results of treatment with topical mitomycin C 0·02% following excision of primary pterygium, **233**
Ptosis, Surgical management of primary localised conjunctival amyloidosis causing ptosis: *letter to editor*, **707**
Pulsatile ocular blood flow, Effect of trabeculectomy on pulsatile ocular blood flow: *correspondence*, **507**
Pupil size and accommodation, Comparison of the effect on pupil size and accommodation of three regimens of topical dapiprazole, **544**
Pupil size and reactivity, Pupil size and reactivity following hydroxypropyl methylcellulose and sodium hyaluronate, **541**
Pupillary block glaucoma, High frequency ultrasound imaging in pupillary block glaucoma, **972**
Pupillary diameter, Effect of squint surgery on pupillary diameter, **991**
Pupillary light response, Evidence for preserved direct pupillary light response in Leber's hereditary optic neuropathy, **442**
Pyoderma chancriformis, Symmetrical lymphomatoid papulosis masquerading as pyoderma chancriformis of the eyelids: *letter to editor*, **391**

Radiotherapy
Asymmetry of disciform scarring in bilateral disease when one eye is treated with radiotherapy, **562**
External beam radiotherapy for retinoblastoma: I Whole eye technique, **109**: II Lens sparing technique, **112**
Irradiating iris tumours: *editorial*, **303**
Treatment of non-resectable malignant iris tumours with custom designed plaque radiotherapy, **306**
RDS/peripherin gene, Extensive intrafamilial and interfamilial phenotypic variation among patients with autosomal dominant retinal dystrophy and mutations in the human RDS/peripherin gene, **28**
Rebreathing, Rebreathing into a bag increases human retinal macular blood velocity, **380**
Recurrent erosion syndrome, Ultrastructural study of the corneal epithelium in the recurrent erosion syndrome, **282**
Red cell density, Macular blood flow velocity in sickle cell disease: relation to red cell density, **742**
Regression, Excimer retreatment for scarring and regression after photorefractive keratectomy for myopia, **756**
Rehabilitation, How effective is an integrated approach to low vision rehabilitation? Two year follow up results from south Devon, **719**
Research, Ophthalmic services research: towards increasing the role of economic and operations research methods in the delivery of eye care services: *commentary*, **515**
Retina, Irradiation of rabbit retina with diode and Nd:YAG lasers, **672**
Retinal artery emboli, Laser photodisruption of visible retinal artery emboli: *correspondence*, **964**
Retinal detachment
Retinal detachment and herpesvirus retinitis in patients with AIDS, **575**
Retinal detachments in patients with AIDS and CMV retinopathy: a role for laser photocoagulation, **153**
Retinal dystrophy(ies)
Cell loss in retinal dystrophies by apoptosis – death by informed consent! *perspective*, **186**
Extensive intrafamilial and interfamilial phenotypic variation among patients with autosomal dominant retinal dystrophy and mutations in the human RDS/peripherin gene, **28**

Retinal macular blood velocity, Rebreathing into a bag increases human retinal macular blood velocity, **380**
Retinal microaneurysm, Histological and ultrastructural investigation of retinal microaneurysm development in diabetic patients, **362**
Retinal pigment, Diffuse retinal pigment epitheliopathy complicating systemic corticosteroid treatment, **922**
Retinal vascular structure, Clinical pathology and retinal vascular structure in the Bardet-Biedl syndrome, **76**
Retinitis, High dose intravitreal ganciclovir for CMV retinitis: a shelf life and cost comparison study, **753**
Retinitis pigmentosa
Autosomal dominant retinitis pigmentosa mapping to chromosome 7p exhibits variable expression, **23**
Bimodal expressivity in dominant retinitis pigmentosa genetically linked to chromosome 19q, **841**
Retinoblastoma
External beam radiotherapy for retinoblastoma: I Whole eye technique, **109**: II Lens sparing technique, **112**
Immunohistochemical evidence of neuronal and glial differentiation in retinoblastoma, **771**
Intravitreal chemotherapy for recurrent retinoblastoma in an only eye: *letter to editor*, **194**
Retinoblastsoma – trends in conservative management: *editorial*, **104**
Retinopathy
Diabetic retinopathy: morphometric analysis of basement membrane thickening of capillaries in different retinal layers within arterial and venous environments, **1120**
Retinopathy and subconjunctival haemorrhage in patients with chronic viral hepatitis receiving interferon alfa, **150**
Role of glucose regulatory mechanisms in diabetic retinopathy: *perspective*, **1046**
Retinopathy of prematurity
Bilateral hyphaema following diode laser for retinopathy of prematurity: *letter to editor*, **1055**
Diode laser photocoagulation to the vascular retina for progressively advancing retinopathy of prematurity, **1012**
Diode laser treatment for retinopathy of prematurity: structural and functional outcome, **637**
Late visual field changes following cryotherapy for retinopathy of prematurity stage 3, **267**
Retinoschisis
Efficient DNA carrier detection in X linked juvenile retinoschisis, **683**
Infantile presentation of X linked retinoschisis, **653**
X linked retinoschisis: *perspective*, **597**
Retrobulbar alcohol injections, Precautionary note on retrobulbar alcohol injections: *letter to editor*, **192**
Rheumatoid arthritis, Inflammation after cataract extraction and intraocular lens implantation in patients with rheumatoid arthritis, **549**
Rosacea, Placebo controlled trial of fusidic acid gel and oxytetracycline for recurrent blepharitis and rosacea, **42**
Rotating wire brushes, Serious eye injury caused by rotating wire brushes: *correspondence*, **396**
Rwandan refugees, Xerophthalmia in Rwandan refugees: *correspondence*, **395**

S phase fraction, DNA index and S phase fraction in uveal malignant melanomas, **521**
Sarcoidosis
Choroidal ischaemic plaques in sarcoidosis: *letter to editor*, **704**
Clinical features of sarcoidosis in relation to HLA distribution and HLA-DRB3 genotyping by PCR-RFLP, **322**
Fuchs' heterochromic uveitis and sarcoidosis, **1021**
Orbital lymphoma in systemic sarcoidosis: *correspondence*, **1057**
Resolution of calcific band keratopathy after lowering elevated serum calcium in a patient with sarcoidosis: *letter to editor*, **1050**
Sardinia, High prevalence of lactose absorbers in patients with presenile cataract from northern Sardinia: *correspondence*, **709**
Saudi Arabia, Ocular findings in Saudi Arabian patients with sickle cell disease, **457**
Scanning laser Doppler flowmetry, Two dimensional mapping of the perfusion of the retina and optic nerve head, **1126**
Scanning laser ophthalmoscope
Confocal fundus imaging with a scanning laser ophthalmoscope in eyes with cataract, **900**
Distribution of fundus autofluorescence with a scanning laser ophthalmoscope, **407**
Fundus imaging in patients with cataract: role for a variable wavelength scanning laser ophthalmoscope, **892**
The SLO, yet again: *editorial*, **400**
Scar tissue orientation, Scar tissue orientation in unsutured and sutured corneal wound healing, **760**
Scarring
Antiproliferative agents and the prevention of scarring after surgery: friend or foe? *commentary*, **627**
Asymmetry of disciform scarring in bilateral disease when one eye is treated with radiotherapy, **562**
Excimer retreatment for scarring and regression after photorefractive keratectomy for myopia, **756**
Scheimpflug system, Study of nuclear cataract progression using the National Eye Institute Scheimpflug system, **527**
Scleral elastic system, Human scleral elastic system: an immunoelectron microscopic study, **57**
Scleral encirclement, Peripheral retinal neovascularisation associated with scleral encirclement: *letter to editor*, **861**
Screening
Assessment of an inner city visual screening programme for preschool children, **1068**
Preschool visual screening: *editorial*, **1063**
Shared care, Shared care for glaucoma: *commentary*, **626**
Sickle cell disease
Macular blood flow velocity in sickle cell disease: relation to red cell density, **742**
Ocular findings in Saudi Arabian patients with sickle cell disease, **457**
Silastic nasolacrimal tubes, Sleeves for fixation of Silastic nasolacrimal tubes, **664**
Simvastatin, Absence of effect of simvastatin on the progression of lens opacities in a randomised placebo controlled study, **996**
Sjögren's syndrome, Acquired Brown's syndrome and primary Sjögren's syndrome: *letter to editor*, **89**
Slanting muscle insertion, Treatment for 'A' or 'V' pattern esotropia by slanting muscle insertion, **807**
Sleeves, Sleeves for fixation of Silastic nasolacrimal tubes, **664**
Small incision cataract surgery
Anterior chamber aspirate cultures in small incision cataract surgery, **878**
Aqueous contamination during small incision cataract surgery: a lesson in study design: *editorial*, **873**
Smoking
Cigarettes and cataract: cadmium or a lack of vitamin C? *editorial*, **199**
Smoking of beedies and cataract: cadmium and vitamin C in the lens and blood, **202**
Socrates, What would Socrates have made of normal tension glaucoma? *editorial*, **399**
Sodium hyaluronate, Pupil size and reactivity following hydroxypropyl methylcellulose and sodium hyaluronate, **541**
Sodium hyaluronate eyedrops, Sodium hyaluronate eyedrops in the treatment of dry eyes, **1007**
Soft contact lens
Corneal epithelial permeability during extended wear of disposable contact lenses versus daily wear of soft contact lenses, **350**
Pseudomonas keratitis associated with biofilm formation on a disposable soft contact lens: *letter to editor*, **864**
Soft drusen, Effects of argon (green) laser treatment of soft drusen in early age-related maculopathy: a 6 month prospective study, **905**
South Asian Cataract Management Study Group, The south Asian cataract management study. I. The first 662 cataract surgeries: a preliminary report, **1029**
Sphenoid mucocele, Bilateral sudden visual loss due to sphenoid mucocele in Albright's syndrome: *letter to editor*, **503**: *correspondence*, **1149**
Squint surgery, Effect of squint surgery on pupillary diameter, **991**
Sri Lanka, Causes of childhood blindness in Sri Lanka: results from children attending six schools for the blind, **633**
Stem cell allografts, Surgical management of ocular surface disorders using conjunctival and stem cell allografts, **977**
Stem cells, Stem cells of the ocular surface: scientific principles and clinical applications: *editorial*, **968**
Strabismus
Accuracy in strabismus surgery: *editorial*, **3**
Prospective multicentre study of the accuracy of surgery for horizontal strabismus, **10**
Subconjunctival haemorrhage, Retinopathy and subconjunctival haemorrhage in patients with chronic viral hepatitis receiving interferon alfa, **150**
Submacular surgery, Relation of the functional and structural fundus changes after submacular surgery for neovascular age-related macular degeneration, **417**
Subperiosteal implant, Use of Proplast II as a subperiosteal implant for the correction of anophthalmic enophthalmos, **830**
Subretinal abscess, Subretinal *Pseudomonas* abscess after lung transplantation: *letter to editor*, **861**
Subretinal fluid
Prospective, randomised, controlled trial comparing suture needle drainage and argon laser drainage of subretinal fluid, **724**
Transscleral drainage of subretinal fluid revisited: *editorial*, **717**

Subretinal hypopyon, Subretinal hypopyon in prolymphocytic leukaemia: *letter to editor*, **863**
Superior oblique dysfunction, Superior oblique tendon expansion in the management of superior oblique dysfunction, **661**
Suppurative keratitis, Causes of suppurative keratitis in Ghana, **1024**
Suture needle drainage, Prospective, randomised, controlled trial comparing suture needle drainage and argon laser drainage of subretinal fluid, **724**
Sutures
Adjustable sutures in eyelid surgery: *correspondence*, **709**
Repair of upper eyelid retraction: a comparison between adjustable and non-adjustable sutures, **658**
Sweden, Cataract patients in a defined Swedish population 1986-90: VII Inpatient and outpatient standardised mortality ratios, **1115**
Swimming pools, Microbiological quality in Finnish public swimming pools and whirlpools with special reference to free living amoebae: a risk factor for contact lens wearers?, **178**

T cells, γδ T cells in aqueous humour from untreated idiopathic uveitis patients: *correspondence*, **395**
Tear clearance rate, Correlation of tear clearance rate and fluorophotometric assessment of tear turnover, **1042**
Teeth, Ectopic teeth in the orbit of a neonate: *letter to editor*, **1144**
Tenascin, Expression of cellular fibronectin and tenascin in the rabbit cornea after excimer laser photorefractive keratectomy: a 12 month study, **65**
Tenon's capsule fibroblasts
Effect of TNF, IL-1, and IL-6 on the proliferation of human Tenon's capsule fibroblasts in tissue culture, **590**
Pilot study on the effect of topical adrenergic medications on human Tenon's capsule fibroblasts in tissue culture, **70**
Thiotepa, Intravitreal chemotherapy for recurrent retinoblastoma in an only eye: *letter to editor*, **194**
Third nerve palsy, Surgical management of third nerve palsy, **431**
Timolol
Effect of timolol with and without preservative on the basal tear turnover in glaucoma, **339**
Latanoprost administered once daily caused a maintained reduction of intraocular pressure in glaucoma patients treated concomitantly with timolol, **12**
Tonometry, Reproducibility with the Keeler Pulsair 2000 non-contact tonometer, **554**
Toxocara, Presumed ocular larva migrans presenting with features of diffuse unilateral subacute neuroretinitis: *letter to editor*, **1140**
Toxoplasmosis
HLA typing in congenital toxoplasmosis, **494**
Long term ocular and neurological involvement in severe congenital toxoplasmosis, **581**
Trabeculectomy
Effect of TNF, IL-1, and IL-6 on the proliferation of human Tenon's capsule fibroblasts in tissue culture, **590**
Effect of trabeculectomy on pulsatile ocular blood flow: *correspondence*, **507**
Pilot study on the effect of topical adrenergic medications on human Tenon's capsule fibroblasts in tissue culture, **70**
Trabeculectomy, primary, In defence of goniotomy: *correspondence*, **709**
Traditional eye medicines, Peripheral corneal ulcers associated with use of African traditional eye medicines, **343**
Traditional healers, Traditional healers in primary eye care: *correspondence*, **506**
Transscleral drainage, Transscleral drainage of subretinal fluid revisited: *editorial*, **717**
Traumatic intraorbital aerocele, Traumatic intraorbital aerocele with pneumocephalus: *letter to editor*, **504**
Trichiasis, Argon laser treatment of trichiasis in Hong Kong: *correspondence*, **506**
Tumour necrosis factor, Effect of TNF, IL-1, and IL-6 on the proliferation of human Tenon's capsule fibroblasts in tissue culture, **590**
Turberville, Dawbeney, Dawbeney Turberville – a seventeenth century ophthalmologist: *history of ophthalmology*, **1006**

Ulcerative keratitis, Ulcerative keratitis in a person wearing daily disposable contact lenses: *letter to editor*, **1138**
Ultrasound
High frequency ultrasound: *editorial*, **967**
High frequency ultrasound imaging in pupillary block glaucoma, **972**
Ultrasound biomicroscopic imaging, Ultrasound biomicroscopic imaging of a surgically reattached cyclodialysis cleft: *letter to editor*, **961**
Ultraviolet radiation, Ultraviolet radiation and cataract: *correspondence*, **196**
Upper eyelid retraction, Repair of upper eyelid retraction: a comparison between adjustable and non-adjustable sutures, **658**
Uveal melanoma
Accuracy of presumed uveal melanoma diagnosis before alternative therapy, **692**
DNA flow cytometry in uveal melanoma: the effect of pre-enucleation irradiation, **174**
DNA index and S phase fraction in uveal malignant melanomas, **521**
Uveal melanoma: cell cycles and survival: *editorial*, **513**
Uveal melanoma cells, Effects of interferon alfa and gamma on human uveal melanoma cells in vitro, **847**
Uveitis
Analysis of ocular fluids for local antibody production in uveitis: *perspective*, **610**
Are Gram negative bacteria involved in HLA-B27 associated uveitis? *commentary*, **718**
Fuchs' heterochromic uveitis and sarcoidosis, **1021**
γδ T cells in aqueous humour from untreated idiopathic uveitis patients: *correspondence*, **395**
HTLV-I associated uveitis in central Japan, **1018**
Increased number of circulating HTLV-1 infected cells in peripheral blood mononuclear cells of HTLV-1 uveitis patients: a quantitative polymerase chain reaction study, **270**
Macular grid laser photocoagulation in uveitis, **821**

Vascular retina, Diode laser photocoagulation to the vascular retina for progressively advancing retinopathy of prematurity, **1012**
Vernal keratoconjunctivitis, Collagen types I and III in giant papillae of vernal keratoconjunctivitis, **482**
Viral hepatitis, Retinopathy and subconjunctival haemorrhage in patients with chronic viral hepatitis receiving interferon alfa, **150**
Visual acuity, Assessment of visual acuity in multiply handicapped children: *perspective*, **290**
Visual deficits, Visual deficits in children born at less than 32 weeks' gestation with and without major ocular pathology and cerebral damage, **447**
Visual field changes, Late visual field changes following cryotherapy for retinopathy of prematurity stage 3, **267**
Visual field variability
Image processing of computerised visual field data, **207**
New approach to estimating variability in visual field data using an image processing technique, **213**
Visual impairment
Causes of childhood blindness in Sri Lanka: results from children attending six schools for the blind, **633**
Visual impairment in children: *editorial*, **624**
Visual loss, Bilateral sudden visual loss due to sphenoid mucocele in Albright's syndrome: *letter to editor*, **503**: *correspondence*, **1149**
Visual pathway dysfunction, Comparison of colour discrimination and electroretinography in evaluation of visual pathway dysfunction in aretinopathic IDDM patients, **35**
Visual pathway function, Effect of short term changes in blood glucose on visual pathway function in insulin dependent diabetes, **39**
Visual screening
Assessment of an inner city visual screening programme for preschool children, **1068**
Preschool visual screening: *editorial*, **1063**
Vitamin C
Cigarettes and cataract: cadmium or a lack of vitamin C? *editorial*, **199**
Smoking of beedies and cataract: cadmium and vitamin C in the lens and blood, **202**
Vitreoretinopathy
Onset and recurrence of proliferative vitreoretinopathy in various vitreoretinal diseases, **874**
Proliferative vitreoretinopathy: *editorial*, **871**
Proliferative vitreoretinopathy: pathobiology, surgical management, and adjunctive treatment: *perspective*, **953**
Use of perfluorocarbon liquids in proliferative vitreoretinopathy: results and complications, **1106**
Vitreous cysts, Bilateral vitreous cysts in an 80-year-old man: *letter to editor*, **865**
Vogt-Koyanagi-Harada disease, Vogt-Koyanagi-Harada disease during pregnancy: *letter to editor*, **94**

Warming lignocaine, Warming lignocaine reduces the pain of injection during peribulbar local anaesthesia for cataract surgery, **1015**
Wegener's granulomatosis, Florid xanthelasmata (yellow lids) in orbital Wegener's granulomatosis, **453**

Whirlpools, Microbiological quality in Finnish public swimming pools and whirlpools with special reference to free living amoebae: a risk factor for contact lens wearers?, **178**
White dot syndrome, Fundal white dots: the spectrum of a similar pathological process: *perspective*, **856**: *correction*, **1061**
Wire brushes, Serious eye injury caused by rotating wire brushes: *correspondence*, **396**
Wound healing, Effect of TNF, IL-1, and IL-6 on the proliferation of human Tenon's capsule fibroblasts in tissue culture, **590**
Wound infection, Atypical mycobacterial wound infection after blepharoplasty: *letter to editor*, **93**

X linked juvenile retinoschisis, Efficient DNA carrier detection in X linked juvenile retinoschisis, **683**
X linked ocular albinism, X linked ocular albinism in Japanese patients, **139**
X linked retinoschisis
Infantile presentation of X linked retinoschisis, **653**
X linked retinoschisis: *perspective*, **697**
Xerophthalmia, Xerophthalmia in Rwandan refugees: *correspondence*, **395**

YAG iridotomy, Acute angle closure glaucoma: relative failure of YAG iridotomy: *correspondence*, **100**
Yellow lids, Florid xanthelasmata (yellow lids) in orbital Wegener's granulomatosis, **453**
Yolk sac tumour, Alpha fetoprotein as marker for a case of orbital yolk sac tumour: *letter to editor*, **787**
